

FOR A GREAT PROGRAM, IT'S THE FAIR --- TONIGHT, TOMORROW, SATURDAY

# The FARM TRIBUNE

VOL. IV—NO. 47

Published Weekly at Porterville, California THURSDAY, MAY 24, 1951

THRILLING AND spectacular are the acts that will be presented by the Lee Sisters at the Porterville Livestock Show and Fair, tonight, tomorrow and Saturday in the Porterville Municipal ball park. Artists of the trampoline and the high bars, these girls will present fast-action entertainment as one feature of the grandstand show that starts each night at 8 o'clock.

## LET'S GO TO THE FAIR

FRIDAY, MAY 25

- 9 A.M. to 11 P.M. All displays and exhibits open.
- 9 A.M., Livestock, poultry, rabbits, pigeon judging.
- 2 P.M., Judging Grand Champion fat beef, fat lamb, fat barrow.
- 2:30 P.M., Auction, Hereford heifer, benefit Porterville FFA state champion livestock judging team.
- 6 P.M., Pet Show.
- 7 P.M., Pet Parade.
- 7:30 P.M., Parachute jump into fair grounds.
- 8 P.M., Grandstand show.

SATURDAY, MAY 26

- 9 A.M. to 11 P.M. All displays and exhibits open.
- 2 P.M., Junior Fat Stock Auction (Also auction of fat lamb for benefit of Porterville FFA State Champion livestock judging team.)
- 5 P.M., Junior Horse show.
- 7:30 P.M., Parachute jump into fair grounds.
- 8 P.M., Livestock Parade and grandstand show.

### FLAG DAY PROGRAM SET TUESDAY NIGHT

B. W. Gerheart, Fresno, district deputy grand exalted ruler, east-central district lodge of Elks, and former United States congressman, will be the principal speaker at the annual Flag Day and Americanization program that will be presented next Tuesday evening in the Porterville ball park by Porterville Elks and veterans.

Frank Pratt, Porterville, will give a history of the flag, assisted by members of the Porterville Elks Boy Scout troop; Post 20 American Legion awards will be presented to high school cadets; Legion members will also present the ritual of burning the colors and the combined Porterville Elks and Bartlett school bands will play.

Colors of the American Legion and the Veterans of Foreign Wars and their Auxiliaries will be massed for the ceremony and a display of fireworks is on the program. Harry J. Johnson will act

(Continued on back page)

### FRED STONE WILL SPEAK AT MEMORIAL SERVICE

Superior Court Judge Frederick Stone, former Porterville resident, will deliver the address of the day at a Memorial Day program to be presented next Wednesday morning at 9 o'clock in the Home of Peace cemetery, east of Porterville on Putnam avenue.

A brass quartet from Porterville high school will participate; in charge of the program is the Rev. Charles Brandon.

Civic and fraternal groups of the community, as well as all individuals, are invited by the Rev. Brandon to participate in the ceremony that will pay tribute to those men and women who served their country during their lifetime.

### Veteran Dance

Members of the Strathmore Veterans' club will give a dance in the Strathmore Veteran Memorial building the evening of May 29, with dancing from 9 p.m. to 1 a.m.

PORTERVILLE'S FAIR CANTERBELLES, colorful girl riders, who will present their precision mounted drill each night of the Porterville Livestock Show and Fair that opens tonight (Thursday) for a three day and night run in the Porterville Municipal ball park. Ranging in age from 10 to 18 years, the girls as shown above, left row, top to bottom, are: Team Captain Arlene Morris, Dorothy Hoover, Dorene Baker, Charlene Byers and Janet Hammond; left center row: Karen Bastian, Marlene Nagel, Cathy Frame, Elaine Morris, Edwina Thompson; right center: Verna Bellah, Jimmie Hester, Darlene Aston, Susan Foran and Assistant Director Yvonne Beaver; right row: Janet Parkinson, Polly Hisaw, Rosa Layton, Donna Holbrook and Director Barbara Richardson. (Hammond photos.)

### PRIME ANIMALS WILL BE OFFERED AT JUNIOR FAT STOCK AUCTION THAT WILL FEATURE FAIR SATURDAY AFTERNOON

Prime animals, conditioned, finished and ready to be transformed into succulent locker meat, will be offered at the fourth annual junior fat stock sale that will feature the Saturday afternoon program of the Porterville Livestock Show and Fair that is now underway in the Porterville municipal ball park.

Expected offering is 35 head of fat steers, 10 head of fat hogs and 15 head of fat lambs. Heading up the sale is Rolla Bishop; persons desiring to buy animals, or halves of steers, who cannot be present, can contact Mr. Bishop and arrange to have animals bid in.

Special feature of the auction will be the opening sale of a fat lamb with the purchase price to go into a fund that is being raised to send the championship Porterville FFA livestock judging team

to the American Royal livestock show in Kansas City next October to represent the state of California.

The lamb, weighing about 100 pounds, has been donated by Sam Rudnick of the Kern Valley Packing company. It is a Hampshire-Suffolk cross and is in top sale condition.

A special auction will be held the afternoon of Friday, May 25, at 2 p.m., following the crowning of grand champion animals, when a Hereford heifer, donated by Bill Boswell, will be sold as a benefit for the judging team also. J. Claude Nelson will act as auctioneer for this sale.

### ONE MAN'S ANSWER

A rancher who "got tired of giving his produce away" is A. L. Reed, date grower from the Garden of the Setting Sun at Mecca, in Southern California, who now packages and sells his own dates on a route that extends the length of the Pacific coast.

Mr. Reed was in Porterville a few days ago, selling his "candy that grows on trees." He states that on the road his sales of \$1.50 boxes of dates averages 100 boxes per day. Handling an excellent product, Mr. Reed states that he now markets his entire crop out of his station wagon.

### HORSE SHOW PRIZES

Junior riders in the horse show that will feature the Porterville fair program Saturday afternoon at 5 p.m., will be competing for a 17 jewel Bulova wrist watch that will be presented to the champion rider of the show by Williams Jewelers of Porterville. Runners-up to the champion will receive a western leather jacket, donated by Everett and Jimmie Howell of Porterville theatres; third rider gets a western hat from Leggett's.

## FOURTH AND FINEST SHOW INVITES YOU

Porterville's fourth and finest livestock show and fair opened this morning at 11 a.m., with nearly 300 head of top livestock, more than 50 merchants and special exhibits, and with a great three day and night program coming up.

Livestock judging got underway this afternoon and will continue Friday morning and afternoon, with grand champion animals in Future Farmer and 4-H club competition to be named Friday at 2 p.m.

A thrilling grandstand show is being staged tonight, Friday and Saturday nights, at 8 o'clock, featuring Porterville's Fair Canterbelles; the Three D's in high aerial act; the Lee Sisters on the trampoline and high bars; Dwight Moore's Mongrel review, one of the nation's top dog acts, and the Great Romero, artist of the swaying pole.

A special feature will be a parachute jump into the fair grounds, negotiated by Walter Eisner, ex-paratrooper of Porterville, who will bail out of Bert Vossler's plane at 1,000 feet and guide his chute into the center of the grounds. The jump is scheduled nightly at 10:30 p.m.

Other entertainment features include a junior horse show at 5 p.m., Saturday; a pet show and parade, starting at 6 p.m., Friday; a livestock parade to open

(Continued On Page 14)

### SCHOOL DAY

Friday afternoon is officially "school day" at the Porterville fair, with Porterville elementary schools, high school and college to be dismissed early to allow students to attend. Special prices will be allowed for students; program will feature champion livestock judging, a pet show and parade and the regular grandstand program.

WALTER EISNER, ex-paratrooper of Porterville, who will provide a thrilling parachute jump at 7:30 o'clock each night of the Porterville Livestock Show and fair that opens tonight (Thursday) in the Porterville ball park and continues through tomorrow and Saturday. Eisner will bail out of a plane flown by Bert Vossler at 1,000 feet and will guide his chute to a landing in the center of the ball park fair grounds. (Farm Tribune photo.)

## Cattlemen Oppose Price Controls

The following information has been sent to members of the Tulare County Cattlemen's association by the association:

"Price controls and subsidies cannot work in our economy. Cattlemen have always opposed price controls and subsidies in all forms. Our association has always opposed these hindrances to our national economy, and the cattlemen's very existence.

"Congress is now reviewing executive orders issued recently by Price Czar DiSalle. We urge that you write your representatives now, urging them to oppose price controls and subsidies in all forms. "William F. Knowland, senator; Richard Nixon, senator and Thos. H. Werdel, house of representatives, Washington, D.C."

**EARL REED**, Porterville mayor, has proclaimed Saturday, May 26, as Poppy day, urging that poppies be purchased as a tribute to war dead and as a means of assisting disabled veterans.

## Brand Wagon News...

### KIRK'S COW SCRATCHER

This machine will kill the warbles or grubs in the winter-time as fast as they make their breathing hole in the skin, and in this manner prevent the heel fly. It will kill or repel the flies, mosquitoes, ticks, lice, etc. It kills the ear ticks before they reach the ears. Cows will get the oil solution on sores and irritations, and kill or repel the screw worm fly and fly maggots. Also ranchmen report that "OLD SCRATCH" is preventing Pinkeye. You buy your favorite insecticide from your local dealer, set "OLD SCRATCH" up and the cows will do the rest.

We recommend a Rotenone solution in the winter, such as oil-mix Rotenox. For summer use, we recommend an oil-mix Chlordane-Lindane solution for range stock, and a Methoxychlor oil mixture for dairy and beef-finishing stock. A severe insecticide is not needed because the cows will rub and scratch some every day while they water and lick salt.

LET'S GO TO THE FAIR

REGENT BODEO sponsored by the Springville chamber of commerce netted an even \$1,000 for the rehabilitation and education program of the Springville Tuberculosis hospital. Check for the \$1,000 was presented by Clyde Simpson, superintendent of the Spring-

ville school and by Monte Gifford, president of the Springville chamber of commerce. Shown, left to right above, are: Laurence Unser; Ralph Hill; Frank Negus; Mrs. Grace Hamar; Bill Woods; Mrs. Jeannette Higgins; Dr. William A. Winn, Medical Director

of the Tuberculosis Hospital; Clyde Simpson, superintendent of Springville Schools; Monte Gifford, president of Springville Chamber of Commerce; Mr. S. D. Law, president of Tulare County Tuberculosis and Health Association; Jim Vaughn; and Wesley Maas.

### CAREFUL FRUIT THINNING ADVISED

By C. A. Ferris, Farm Advisor

Deciduous fruit growers who left their trees quite brushy during pruning operations should be particularly careful about the amount of fruit they leave on the trees at thinning time.

The Plum Commodity committee reminds growers that size restrictions will definitely be imposed this year and it is therefore essential to thin heavy enough to get good sizes at harvest. It should be emphasized that relief under the exemption provisions of the Marketing agreement is not possible unless the applicant has taken all steps within his means to produce large size, quality fruits.

Applications for exemptions from growers who have not thinned enough will be refused.

Peach growers should be equally careful about fruit thinning. Free-stone peaches will also have to meet quality and size specifications. Cling size requirements for a number one fruit will be 2 3/4 inches but this size cannot be attained if the trees are too heavily loaded. Growers should carefully watch the thinning job this year, particularly if trees were lightly pruned.

MARION VINCENT, White River, this week took the 11-month old mountain lion cub that he caught and raised to the zoo in San Francisco.

## THE OLD DAYS

From miscellaneous files of pioneer Porterville newspapers, provided through the courtesy of Howard J. Frame, Porterville.

OCTOBER 29, 1891

Saturday, October 24, was a stirring day in Porterville. The red-shirted fire boys made a tetst trial of the new fire engine, and the whole town turned out en masse to watch.

A small, 8x10 shanty had been erected and after being filled with kindling wood, was set on fire. When it was fully enveloped in flames, the hose was turned on and it was extinguished in a very short time.

The second and third tests were equally successful but after the fire was started the fourth time and allowed to get under full headway, the last test was a failure. The engine is a good thing to nip a fire in the bud, but when in full bloom, more water is needed.

W. S. Webster, who has been working at the Coburn mill, is at home in Porterville on a furlough, the reason being a sore foot. A fellow workman forgot to spit on

his hands, his ax slipped and Mr. Webster's foot received the blow.

### SPRINGVILLE

Miss O'Shaughnessy, our teacher, is slightly indisposed at present.

The new school house is nearly walled in and the carpenters, Messrs. Goodden and Preston, are rushing it along.

The Farmers' Alliance social at Orange last Friday was a marked success; the house was crowded, the supper good and the dance a merry one.

Louis Elster is in the valley getting hogs to place on his range in the Black Mountain valley. Acorns are plentiful this year, hence hogs are in good demand.

The Sunday school completed its organization this week. Twenty-one persons were present; Edward Wray was chosen superintendent and Henry Mathewson, secretary.

Again do the editors hear of an intended railroad up this valley to Springville. No one hopes stronger than the writer that the rumors are well founded, but we fear it is another railroad on paper.

Dentist Gilstrap will make a professional visit here soon.

George Blake has rented the J. C. Williams place, adjoining Springville and will farm it for three years.

### TIPTON

Mr. Burford is building a new addition to his store.

There was an enjoyable dance at the home of Mr. Hawkins, three miles west of here, Friday night.

Miss H. M. Ball is teaching the school at this place and is giving general satisfaction. There are 59 pupils on the roll.

There was a very destructive fire at the William Blankenship's, four miles northwest of here on Tuesday of last week. A new header, 400 sacks of grain, a buggy and robes, a large wagon, a plow, harness, a dozen chickens and two granaries were destroyed. The loss amounted to \$1,600.

### MOUNTAIN VIEW

R. Prescott is at home after a summer's work at the Woody & Maples mill.

Mr. and Mrs. Oliver Osborne of Globe are visiting friends in this vicinity.

N. P. Dillon attended to business matters in Porterville last week. Mrs. Dillon visited Mrs. Mae Cramer at Springville during his absence.

## Farm Bureau Livestock Market

VISALIA, May 16 — Cattle: Several lots high commercial to average good 900 to 1,100 lb. grass steers \$32.50 to \$33.90, lead 1,120 lbs. at \$33.05, and half load 990 lbs. \$33.80. Utility and commercial grades \$28.25 to \$31.50. Few high commercial and good grass heifers \$31.70 to \$32.35, utility down to \$26.00. Bulk cutter cows \$22.50 to \$24.50, few down to \$21.50 late, odd head canners \$20.50 to \$22.00, "shells" down to \$16.60. Bulk low to average utility cows \$25.00 to \$26.90, few dairy types down to \$24.50, increased showing high utility and commercial cows \$27.00 to \$28.75, load young commercial cows with utility and \$27.75, few sales high-yielding young commercials \$28.80 to \$30.50. Utility and low commercial bulls \$28.40 to \$30.90, cutters down to \$25.90. Limited supply good 800 to 950 lb. feeder steers \$30.50 to \$32.30, few good

light feeders \$33.00, increased number medium quality feeders \$28.00 to \$30.50, common down to \$25.00. Good light stock steers \$33.00, few choice short yearlings to \$35.50, medium \$28.00 to \$31.25. Good feeding heifers \$30.00 to \$31.50, few light weights to \$32.50, medium \$27.00 to \$30.00, medium to good stock heifers \$29.00 to \$32.10, short load common to medium cross bred \$30.10, common down to \$25.75.

Calves: Few good and choice vealers and light slaughter calves \$35.00 to \$40.00, commercial \$30.00 to \$34.50, utility \$27.00 to \$30.00, culls down to \$23.00. Several choice and prime 400 to 525 lb. slaughter calves \$35.50 to \$38.75. Good and choice mixed stock calves \$35.50 to \$39.00, few choice to 350 lbs. \$40.50, several 150 to 250 lb. light stock calves \$41.00 to \$44.00, medium \$30.00 to \$34.00, common \$25.00 to \$30.00.

## Grape Leaf Folder Controlled By Dust

By Fred L. Jensen, Farm Advisor

Cryolite dusts applied in bloom control the first brood of the grape leaf folder. Growers have about a two week period in which to apply the cryolite dust. The cryolite is mixed as a 40 or 50 per cent dust mixed with sulfur and 20 to 25 pounds of this material is applied per acre.

The eggs of the grape leaf folder are laid around the head of the vine where the moth has some wind protection. As the larvae hatch, they feed in groups between two leaves, and then move onto other leaves to make their rolls. The insect makes a rather tight roll at the edge of the leaf, about the diameter of a lead pencil, and lives inside the roll eating the edges of the leaf. Each larvae makes at least two rolls during its period of development.

A second brood develops in early July and a third in late August or early September. Cryolite applied for either of the first two broods will prevent any infestation in the fall.

Misses Emma Tremper and Bertha Rand attended the ball at Globe last Friday night. Miss Tremper returned on Saturday's stage and reported a fine time.

## We Only Heard

By BILL RODGERS

THE FAIR opens today — and it's a great fair that you won't want to miss. Nearly 300 head of the finest livestock in the West; over 50 colorful merchant displays and special exhibits; a fine program each night starting at 8 P.M., featuring professional acts and our own Fair Canterbelles, and that very special feature, Walter Eisner, ex-paratrooper of Porterville who will bail out of Bert Voessler's airplane every evening at 7:30 o'clock and guide his chute into the center of the fairgrounds at the Porterville municipal ball park . . . You'll like the fair this year; you'll be entertained and you'll see a show that pays tribute to our agricultural area — one of the greatest agricultural areas in the world.

AND A few notes on the fair —

Raymond Husted, staff member of the Western Livestock Journal and nationally known livestock judge, thinks enough of our Porterville show to postpone a scheduled trip into Utah in order to judge cattle at Porterville; and Mr. Husted comes here and judges without charge . . . From the publicity standpoint, our personal thanks go to Lee Clearman of the Recorder, Frank Brown of KTIP and Les Skidmore of The Fresno Bee. Don't know what we'd do without them. . . Started to figure the total man hours that have gone into this year's fair, but when we got to five figures, we quit . . . You'll want to see the Pacific Telephone and Telegraph booth at the fair — a real professional exhibit that goes all over the state; and Clark Pest Control has a dandy; then there are some 40 or 50 Porterville merchants who will have plenty to show you . . . And there should be some little honor for you in knowing that your community is the only community in the state of California that stages a full-scale fair without dipping into state funds, perhaps instead of saying dipping, we should say dredges into state funds to do a job that your fair directors and committeemen are doing with only community support.

TWO OTHER items to call to attention — The flag day ceremony and Americanization program that veterans and Porterville Elks are staging in the Porterville ball park the evening of May 29; second — the Memorial Day ceremony that will be held at the Home of Peace cemetery the morning of May 30 at 9 o'clock . . . Both highly worthwhile.

Peach growers who left a large amount of brush in the trees at pruning time should thin with that in mind. The trees can size only the usual number of fruits no matter how much brush is present.

## Controlled Brush Burns Planned In California Hot Springs And Springville Areas This Summer

Four controlled brush burns will be conducted in southeastern Tulare county during the coming summer months — three in the Springville and Milo districts and one in the California Hot Springs area. Four other burns are planned for the Badger district.

Plans for these burns were completed at a meeting of the Tulare County Range Improvement committee in Porterville. Area to be

burned covers 11,330 acres; 33 foothill ranchers will cooperate.

In commenting on the controlled brush burning program, Farm Advisor Ralph Worrell says:

"The purpose of these control burns is to remove the worthless brush now infesting much of the foothill rangeland and return the area to profitable livestock grazing. Control brush burning has been found to be one of the most

practical ways of accomplishing this result. After the brush has been burned off the land, the area is reseeded with grass and legume seed to produce high quality forage for livestock."

These control brush burns are directly under the supervision of qualified foothill ranchers who have had much experience in control burning of brush, said Mr. Worrell. The burns are well-organized in advance, with fire bosses and crew bosses appointed, fire breaks constructed around the edge of the burn and full provision made for taking care of the crews of men which assist on the fire. Foothill ranchers from

throughout the county gather to help each rancher conduct his control burn.

Valley people indirectly receive some of the benefits of this program, since the removal of the brush and replacing it with good forage grasses releases much water for valley use which otherwise would be evaporated into the hot summer air by the brush, Mr. Worrell states.

## SPRINGVILLE NEWS

By WINNIE GAGE  
Recent News

Mr. and Mrs. Marion Ward of Bakersfield spent the weekend visiting their daughter and family Mr. and Mrs. Willie Weiser and Mrs. Ward's parents, Mr. and Mrs. Jack Fees.

John Paine of Los Angeles has purchased the Trimmel ranch and is moving here. He has Arabian horses as did Mr. Trimmel.

Mr. and Mrs. Thomas Absher and family have moved to Porterville from the Verne Dott ranch.

Mr. Absher has employment in the Porterville post office.

Visitors in the Arthur Gray home over the weekend were Mr. and Mrs. Lou Marcus of Los Angeles and Mr. and Mrs. Leonard McNutt and children of French West Africa. Mr. and Mrs. McNutt have been missionaries of the Church of God for over 10 years, working with the Konkomba tribe of 15,000 natives. This tribe of natives practice carving on their own bodies and their mark of beauty is a glass tube or wooden tube inserted in their lips. The McNutts are returning to Africa by the way of France.

Mrs. Harvey Peterson gave her

daughter, Alice, a birthday party Friday afternoon. Those present were Mary Beth Washburn, Lorete and Carol Hance, Charles, Leona and Kenneth Taylor, Linda, Anita and James Ketner, Francis Thompson, Marilyn and Paula Douglas. Mothers present were Marion Hance, Eva Taylor, Clara Douglas and Lara Gage. It was Alice's 6th birthday and she received many nice gifts. Games were played for entertainment.

Rev. and Mrs. Cyril Bottington are visiting his mother in Southern California.

Pfc. Sharon L. Samples left last Wednesday to return to Fort Lawton, Washington, where she has

been stationed since last July. A potluck and farewell party was given Mr. and Mrs. C. Stovall Friday night at the community hall. Those present were Messrs. and Mesdames Lawr, Unser, R. H. Shaw, E. E. Lynn, Ira L. Spees, Lester Smith, L. Spees, Jr., Chester Cost, Clyde L. Simpson, Mrs. Ch. P. Hodges, Carol and Stella, Myrna Fisk, Enid Sim, Charles Spees, Sharon and I. Smith. The Stovalls were sent with a gift.

Mr. and Mrs. Jack Ward of visited her mother, Mrs. Foster, over the weekend.

## MILK PRICES ARE LOW! HERE IS WHY

Within a short time . . . anywhere from one to two days to two or three weeks . . . the Office of Price Stabilization in Washington will decide whether California milk distributors will be allowed to increase the minimum price of milk by a half-cent in certain areas of the state.

The minimum price of milk is, in effect, the maximum price as well. The reason for this is the keen competition in the milk industry in the state.

The Bureau of Milk Control of the State Department of Agriculture determines the minimum price of milk paid to the farmers by processors and distributors, and the minimum price for distributors to sell milk. This applies both to wholesale and retail milk . . . that is, milk sold to outlets such

every stores, and eating places  
sale, and milk delivered to

request for an increase in  
minimum price in a marketing  
within the state may be  
by farmers or distribu-  
to cover increased costs.

tight control exercised by  
bureau over California milk  
has meant extremely  
profit margins for the milk  
inies. Fresh milk prices have  
ed only a small percentage  
comparison with prices of other

areas the retail prices of  
ds in San Francisco rose ap-  
ately 138 per cent in the  
3 years, and in Los Angeles  
er cent, the retail prices of  
delivered milk in these mar-

WEST OLIVE STREET

PORTERVILLE

kets showed, increases of only  
57 per cent, and 74 per cent, re-  
spectively. As of March 1951, the  
cost of home-delivered milk was  
1.7 cents LESS than the national  
average of 24 leading cities.

Much larger food budgets would  
be needed in the average Califor-  
nia home if the vitamins, min-  
erals and calories supplied by  
milk had to be secured from other  
sources.

The average profit on a quart  
of milk in California is between  
two and three mills! This means  
that the net profit on each sales  
dollar is between eight-tenths of  
a cent and a cent and two-tenths!

### HISTORY OF PEANUT BUTTER

Did you also know that Colum-  
bus and the Spanish adventurers  
who followed in his wake were  
responsible for discovering one of  
the most popular, everyday food  
products — peanut butter?

The 16th century adventurers  
found peanuts growing in South  
America — saw the ancient Peru-  
vians roasting the nut, grinding  
it into butter, and making con-  
fections.

These Spanish adventurers  
brought samples of the peanut  
back to Spain with them. From  
there it was taken to Africa.  
Flourishing in both countries, the  
nut reached North America on

the slave ships from Africa, on  
which it was used as food.

It wasn't until about 1890,  
however, that America discovered  
it was possible to make a palatable  
spread from the peanut. This dis-  
covery is said to have been made  
by a St. Louis, Missouri physician  
who first used it for its nutritive  
value for his patients.

At first, all peanut butter was  
made in the home, as no inexpen-  
sive way had been found to make  
it commercially. After the discov-  
ery of how to manufacture it in  
the early 1900's, peanut butter's  
popularity grew with leaps and  
bounds, until today it is the great-  
est market for the nut.

The most popular use of peanut  
butter today is in sandwiches. Ac-  
cording to the American Bakers  
Association, more than 90 per cent  
consumed is eaten on bread.

Cooling milk to retard the  
growth bacteria is no substitute  
for cleanliness in the dairy and in  
handling milk. All rules of milk  
sanitation must be practiced if the  
producer is to have good milk.

Double dwarf yellow sooner has  
performed better than milo in  
tests in Tulare county. Growers  
should consider this new variety  
when planning their field opera-  
tions.

## Questions and Answers

Dear Uncle Ferd and Aunt Liza: Why is Betty Scott mad at you two?

Answer: She says that our column has disgraced her pages; she says she doesn't like our "Tone." I think she's jealous because she doesn't hear all the dirt that we do.

Aunt Liza

Answer: Why, I didn't know she was mad! She talks to me every chance we have, alone that is; maybe she and Liza aren't too chummy but that is O. K.

Uncle Ferd

Dear Ferd: Why don't we have a mosquito abatement district here? Certainly we have enough mosquitoes to support one!

Answer: Well, my friend, it just happens that it takes more than mosquitoes to support a district. Taxes are the answer, that is tax-payers are the answer. Smart thing for you to do is move to a place where there is a district established.

Uncle Ferd

Dear Aunt Liza: What is your advice on the Strathmore Zoning battle? I live in Strathmore and don't know what to do.

Answer: You must be the only person in Strathmore without a definite opinion! You are living in a community of rugged individualists and had better get off the fence! In times of hot controversy none is hated more than a namby-pamby, join the side that will bring you the greatest local favor.

Aunt Liza

Dear Uncle Ferd: I've just moved to Porterville and intend to open a business here. Which political party should I join to receive the most benefits.

Answer: Porterville no longer has the strong political-boss influence that you are evidently thinking of. You must have moved here from Chicago! Better find out the party of the people you'll be doing business with most often, not your customers, you understand . . . your landlord and such, I mean.

Dear Aunt Liza: My sewing club spends all its time gossiping. Shall I join in the talk or keep still?

Answer: That depends on whether or not you want to be popular . . . if so, dig up some juicy dirt and spread it.

### ON BUTTERED PARSNIPS

Buttered parsnips may be your dish  
I'd rather have an old stewed fish;  
Or rutabagas cooked with chili  
Or chard—now there's a nasty dilly;  
Or pimientos stuffed with shrimp—  
Does that make your gizzard limp?  
Just give me steak with lots of onions—  
I'll keep happy and forget my bunions.

by PERUNA

Readers who see any similarity between real persons and those appearing in this column are doing so purely intentionally and at their own risk.

Most newly planted ornamental  
trees and shrubs should receive  
fertilizer in very small but fre-  
quent dosages. A tablespoon of  
concentrated fertilizer is usually  
sufficient for an 8 to 10 gallon  
application of water. Let the  
color of leaves and vigor of growth  
guide the application of nitrogen.

### APPLES THREE TIMES A DAY

Apples are inexpensive now and  
there are zillions of them. Here  
are ways to serve them at every  
meal. Good, good for you, and  
economical too:

**BREAKFAST:** Fried apples, by  
themselves or with sausage or  
bacon. A baked apple or a bowl  
of apple sauce, take the place of  
more expensive breakfast fruit.  
Use apple butter instead of jam  
or jelly or syrup.

**LUNCH:** Waldorf salad, apple  
and cabbage salad, spiced apples,  
apples scalloped alone or with  
sweet potatoes or cabbage.

Irrigate cotton as soon as the  
plants need water. Don't wait  
for calendars or other objects to  
tell you when.

## Bemberg Sheers Tops For Summer

Cooler print to own this summer is apt to be a Bemberg sheer, a wonderful washable fabric made of rayon that retains its crisp, fresh look no matter how often the dress is tubbed.

As valued for its low price (most Bemberg sheers start at about \$8.95) as for its qualities of wash-and-wear in 20 minutes, this fabric can be treated just like a cotton and often is cooler to wear.

To date 24 million yards have been sold in 1951. Figuring approximately 3 yards of material to one dress, it begins to appear that American women like sheers for summer. Almost all the Bemberg sold to the dress trade is print.

One of the reasons for the vast popularity of this fabric can be found in the careful testing and checking of Bemberg before it is ever sold to manufacturers to make up into dresses.

The United States Testing Company certifies to seam strength, shrinkage, slippage, tensile strength, colorfast qualities, wash-

ability, and how perspiration and sunlight affect the fabric. Their findings, plus washing instructions, are printed on tags that are attached to the dresses before they are sold.

### Suggestions for Washing and Ironing Rayon

1. Wash the garment QUICKLY in an ample amount of lukewarm suds.
2. Use a mild soap.
3. Squeeze the suds through.
4. Don't twist, pull or stretch the garment.
5. Don't SOAK printed fabrics... sometimes colors run.
6. Rinse THOROUGHLY.
7. Roll the dress in a bath towel to take out the water.
8. Shake out wrinkles IMMEDIATELY, and place dress WRONG SIDE OUT on an ironing board covered with a second bath towel.
9. Take another dry towel and smooth out all wrinkles, paying particular attention to seams, collars and hems. (You now have the same uniform dampness as you do when you use a pressing cloth on woollens.)
10. Now PRESS... following the temperature guide given on the iron. (If your dress is made of Bemberg, you can use the same heat as used on cottons.)

### BARN THEATER STAGE WHISPERS

The Board of Directors was deep in the throes of their final meeting last Sunday, when Freeland Wilson and son Stephen stuck their heads in to see what was cooking. "No rehearsal?" he asked, pathetically disappointed. "Why don't you stay and watch the Board," suggested Elizabeth Dobson, "we're almost funny." Freeland looked around at the ring of intelligent faces. "Nope, YOU be bored!" and left!!

ANNOUNCING A GRAND SPECTACLE OF THE GREATEST MECHANICAL EFFECTS EVER PRESENTED ON ANY STAGE!! THE FINAL TABLEAU OF "DIRTY WORK AT THE CROSSROADS" IS SO EXCITING AND SO INTENSE AND FRAUGHT WITH EMOTION THAT THE MORE GENTEEL MEMBERS OF YE OLDE BARNE THEATRE ARE WARNED TO BRING SOME RESUSCITATIVE MATERIAL IN THE EVENT THAT THE PEERLESS HISTRIONICS OF OUR UNSURPASSABLE THESPIANS SHOULD CAUSE THEM TO SWOON!! "MELODRAMA," last show until fall, will play May 24, 25, 26, 27, 31, June 1, 2, 3. Curtain 8:30 p.m.

## Shopping... with Betty

By Betty Scott

Forty Years Ago... they were blunter. Fresno paper reports that at that time "Principals and teachers of the Fresno City Schools took shovels, axes, hammers to Recreation park to prepare for the school system's annual playfest." Many a teacher (and parent) since has felt that those would be the appropriate arms to take to a kid's "playfest," but we're too full of "psychology" to say so! I'm one to be blunt. Best place to get your clothes cleaned is the place that does the best job, gives you the most for your money. PROCTOR'S CLEANERS, Putnam and 4th is the place in Porterville. Proctor's does careful, perfect work on your clothes and gives all fabrics the Retexing treatment free. Retexing gives back to the material its natural spring and youth. See the difference, feel the difference, make your clothes last longer.

Wish Mark Twain were here to comment on the crowd that gathered at a dead run to view the site of the finding of the drowned man in the slough Monday! Safe to say the poor man never rated a second glance when alive... it's a fact nobody ever waded through the weeds to gaze at that bit of slough-bank before. Suddenly, it became the most fascinating chunk of mud in the county! Even though you don't aim to become a celebrated sight by dying... somebody might look at you. You'll be wise to call 107-W and make an appointment at FLORENCE PEAK'S BEAUTY SALON for a summer hair styling and permanent. Free parking in the shade... and you don't have to get dressed up. Be comfortable while you get the best in hair dressing.

Tsk, tsk, tskers and head shakers take notice! Results of the annual movie star popularity poll show Gable stole Crosby's place as top man. Bette Davis is first place among the gals. Six of the other eight men listed I've seen in the flickers. Point is that I've seen not more than three movies in 12 years, saw the last one in '46, I think. I gather I'm not so far behind as you've all made out! Tsk, tsk, your own self! Proof that with proper care, good quality lasts. Take your old stand-by shoes to CARROLL'S SHOE SHOP, Division and Putnam. Mr. Carroll knows how to keep your shoes in durable condition. There's no greater comfort than a well-fitted shoe that lasts. Buy good shoes and take care of them, take them to Carroll.

Warning to all... this is very likely to be a bad dust storm summer. With that in mind, prepare to make the best of the situation. Hay fever victims, housewives who have to dust and clean floors can get a head start by ordering foam rubber mattresses and pillows. SEARS ORDER OFFICE, Main at Oak, can furnish you with the finest at a saving. See the mattress advertised on page 53 of the Midseason Spring Catalogue, pillow to match on page 54. They are self-ventilating, cool, can't lump and are dust and hay-fever-free. Order office open 9:00 to 5:30, phone 1580.

There may be some men who enjoy doing dishes... I've just never seen one! This picture would lead you to believe that the man has asked to do them and is being ordered out of the sink. That woman has a Youngstown Dishwasher in her Youngstown Kitchen from the BREY-WRIGHT LUMBER CO. With that dish washer she served dinner for nine people and all the dishes but the dessert one were washed and dried by the time dessert was eaten! No rinsing, all lipstick removed, washed and dried in from 9 to 13 minutes. Save on soap, use only 1 tsp. detergent. See them at the fair this weekend.

Too bad I'm mad at Ferd and Liza and won't speak to 'em! I'd like to ask if it's either legal or right for a car bearing a green emblem on the door to whiz through the stop sign at Villa and Putnam just because the 'ficials in it were late for the drowning scene! Was going too fast to get its license number and my aversion to morbid scenes kept me from following. Anybody else know if that's legal or right? Time also whizzes by. The time is now for graduation portraits by EDWARD'S PHOTOGRAPHY STUDIO. Call 1385-J for an appointment, either day or night... the point is not to delay.

One-half hour gone by while I've sat here staring out the window at nothing, waiting for my typer to say something. Can mean only one thing... it's the season... remember how it was in school this time of year? You just sat in a pleasant sort of vacant daze and prayed the teacher was in the same fix and too dull to ask anybody any questions as long as they caused no disturbance? BREY'S BOOK SHELF reminds us all that the end of school is that close. Marie has a fine selection of graduation gifts: books, magazine subscriptions, cups and saucers, plates, slippers, scarves, handbags, and the New Merriam Webster Dictionary. 600 N. "D" St. is the first stop for graduation gift shoppers. Free parking.

Penney's has set a good example for Main St. merchants whose property opens on Division as well. Another example of smart merchandising in THE PORTERVILLE PRODUCE, Orange at "C." They feature fruits and vegetables at decent prices. You can order strawberries (small) for canning at \$1.65 a crate. Call 1836. This weekend specials are: Black eye peas 29c lb.; Carrots 2 bunches 17c; Radishes and Green Onions 2 bunches 15c; Lettuce 10c head; Asparagus 2 lbs. 39c; String Beans 2 lbs. 39c; Good Tomatoes 25c basket; Celery 15c bunch; Fresh Peas 2 lbs. 25c; New Sweet Onions 8c lb.; New White Rose Spuds 10 lbs. 39c or \$2.95 100 lbs.; New Red Potatoes 5 lbs. 35c; Summer and Zucchini Squash 2 lbs 29c; Bananas 2 lbs. 29c; Rhubarb 2 lbs. 29c; Lemons, 40c doz.; Cherries 27c lb.; Large Avocados 2 for 39c.

## FISH FOR FEATHERS

By Phil The Forester

Anglers should be able to take easy limits of trout from the waters of the Tule river this week as it has been planted with catchable size "put and take" rainbow from the Moorehouse rearing ponds to Springville.

Catchable size trout from the

Kern hatchery were scheduled for planting in the Kern river this week and Huntington and Hume lakes each received a substantial plant of big rainbows. Trout for Shaver lake are being held to attain a greater size.

Some of our reports state that certain streams and rivers are normal and clear while others are high and rilly so sportsmen will have to take what they find in water conditions.

Trout fishing in Yosemite National park will open May 26 with a limit of ten fish or ten pounds and one fish. The park has numerous fishing restrictions including a trout size limit of six inches so the angler will be wise to check with authorities before wetting a line.

Want a job as a fish hatchery assistant? These positions are now open with a salary range from \$220 to \$268. Applications may be obtained at any California Department of Employment and the final date for filing is June 23 with the examination date set for July 14.

Trout season in the Stanislaus National forest will open May 26

and reports state that stream flow is generally below normal, clear and in good condition. Several streams in the Wrights creek fire area will be poor due to excessive erosion which took a heavy toll of fish life. The two streams most seriously effected are Hunter creek and the north fork of the Tuolumne river. All roads are expected to be open but some may be rough and slow travel is recommended.

The city of Mariposa has embarked upon a municipal fishing project. When the Mariposa dam washed out last November, the fish and game commission chemically treated the regaining water to eliminate all rough fish life at the request of city officials. After the new dam was constructed, the reservoir was planted with bluegill and black bass. The lake which will cover about 386 acre feet will be closed to all fishing for a period of perhaps a year to allow the fish to grow and then will be open to the public on a free permit basis.

Wardens report good catfishing in the San Joaquin river and the Mendota area.

Biologists conducted a two day gill netting experiment on Kerckhoff reservoir last week but brought in only suckers and squawfish.

Under the division of fish and game reorganization bill, a \$12,000 a year director will be appointed by the governor to head the new State Department of Fish and Game to be created. The Sportsmen's Council of Central California voted last Sunday to recommend John Loustalot of Bakersfield for this position.

## SIERRA NURSERY & FLORAL SHOP HAS VARIED SERVICES

SIERRA NURSERY & FLORAL SHOP is an unusual type of business, offering a wide variety of services as well as the usual items that one expects to find in a nursery.

FOR INSTANCE, Mr. and Mrs. Dalton Carroll, who own and operate the business, can provide a complete wedding service. They will go into your home, or church, plan and take care of decorations, provide a catering service for refreshments, offer you complete wedding accessories and Mrs. Carroll makes bridal gowns.

THE CARROLLS also provide funeral sprays and wreaths and excellent floral arrangements.

IN THE Nursery line, Mr. and Mrs. Carroll have a wide selection of potted plants; bedding plants; shade and fruit trees in cans that can be planted at any season of the year; garden fertilizers; seeds and general supplies.

IN ADDITION, they are getting the agency for a portable barbecue pit, a Teco product, manufactured at Madera.

ALONG WITH the nursery business, Mr. Carroll operates a Fix-It shop, where you can have saws sharpened and retoothed; lawn mowers sharpened (with the "Modern" lawn mower sharpener); welding done, household appliances repaired and general repairs that you and I never find time to do, or don't know how to do, taken care of.

THE CARROLLS invite visitors to stop at their nursery, on East Date street, at any time, and you can be assured you will run into no parking problem. Both Dalton and Evelyn are pleasant to talk to and you'll enjoy looking through their greenhouse.

SIERRA NURSERY & FLORAL SHOP is starting its fourth year as a business. Mr. Carroll has been a resident of Porterville for 18 years; Mrs. Carroll attended elementary and high school in Porterville; both are exceedingly capable in their business efforts.

## TULARE PLANNING DAIRY FIESTA AND TOP NOTCH RODEO

Top Rodeo entertainment and a gala mile-long parade will be the features of the Annual Tulare Dairy Fiesta and Rodeo this year, June 2 and 3, it was announced by Rodeo and Fiesta Chairman John Fraser of the Tulare chamber of commerce.

In addition, the celebration will include a Rodeo Queen contest, with seven beautiful girls entered to compete for the title of "Miss Tulare Rodeo and Fiesta, 1951." Judging of the girls will take place in two divisions — Friday night, 8 p.m., at the Hotel Tulare and Saturday morning 9:30 a.m., at the fairgrounds — both open to the public.

The Dairy Fiesta parade will begin at 7 p.m. sharp, Saturday, June 2, with the Grand Marshal a wounded Korean veteran. The parade will be held entirely during daylight hours, Fraser said.

The Annual Tulare rodeo, under supervision of M. W. Del Re, famous rodeo producer, will open its gates at the Tulare County fairgrounds, at 8:30 p.m., Saturday and will give a second performance at 2 p.m., Sunday.

## MILO, OTHER GRAINS BEING PLANTED NOW

Hot days and warm nights are the signal to plant milo and other grain sorghums, according to Farm Advisor Ralph Worrell, who states that tests in Tulare county of the new double dwarf yellow sooner is bringing good results.

Mr. Worrell states that grain sorghums require less water than cotton and advises that fertilizer should be used at the rate of 50 to 60 pounds of nitrogen per acre on most lands.

## Sportsmen Plan Work On Pastures In Mountain Country

Southern Tulare County Sportsmen association members, in cooperation with other sportsmen of the southern San Joaquin valley area, are planning a continuation of a program to repair and improve tourist pasture fences and other facilities in the high mountain country.

The sportsmen will provide funds for the work; manpower assistance will be given by the Forest service.

### GOOD NEWS

Recent hot weather should have the effect of reducing thrip damage to cotton, according to Farm Advisor Ralph Worrell.

L. R. QUINBY, manager of the Southern California Edison Company's Visalia district, and a former resident of Porterville, has been appointed assistant division manager of the company's San Joaquin valley division.

## STATE CONSTRUCTION CURTAILMENT SEEN BY SENATOR; FUNDS FOR SCHOOLS AND MENTAL HOSPITALS STILL NEEDED

State Senator J. Howard Williams of Porterville warned this week that soaring construction costs threaten to force cancellation of much of California's state building program.

Mr. Williams, who is serving on a Senate finance subcommittee studying the capital outlay items in the proposed state budget, pointed out that the cost of construction materials have doubled in the last three years.

"The cost index on construction, upon which we base our estimates when setting up the budget for state buildings was 350 in 1947," Williams said. "In 1949 the index jumped to 500 and now it is between 650 and 700."

Mr. Williams also noted that some cutbacks will be necessitated by federal curtailments on the use of such vital construction materials as steel.

"We realize that the overcrowded conditions in our mental hospitals will force some construction in that field," Williams said.

"Also, my experience on the Senate Interim Education committee convinces me that we will have to continue to build more classrooms."

"But our entire program is going to have to be reassessed with the point in mind that construction that can wait without damaging essential state operations should be laid aside until the construction index drops and the taxpayer can get more for his dollar."

Mr. Williams noted that under current programs Tulare county has received more than its share of money for classroom construction from state funds aimed at assisting distressed school districts.

J. W. COOK, resident engineer on the state hospital project southeast of Porterville has announced the calling for an additional \$2,000,000 worth of buildings at the hospital site.

## PAUSE FOR A MOMENT TO HONOR THOSE WHO HAVE SERVED THEIR NATION

We urge that you pause for a moment on Memorial Day, May 30, to pay honor to those individuals who have served in the cause of their nation.

Official memorial ceremony will be held at 9 A.M., in the Home of Peace cemetery. Superior Court Judge Frederick Stone will deliver the address of the day; a brass quartet from Porterville high school will participate and veterans of the community will conduct the ceremony.

Heading the program committee is the Rev. Charles Brandon and fraternal and civic organizations of the community are being asked to participate.

It is indeed fitting that a memorial service be held. It is fitting that we honor those who have gone; it is fitting and proper that as a community we pause for a moment of reverence.

**SPRINGVILLE NEWS**

Mr. and Mrs. Forest Stine and daughter Kay visited relatives and friends in the Los Angeles area recently.

The Springville Hobby Club held its regular meeting at the home of Mrs. Mittie Stillian, Friday.

Celebrating a group of birthdays with a pot luck dinner were members: Mrs. Gwendolyn Myrick, Mrs. Elvira Herbert, Mrs. Sarah Fees, Mrs. Ruth Shoup, Mrs. Winnie Gage, Miss Alice Smith, Miss Lucille Higgins, and Miss Demaris Stillian. Visitors were: Mrs. Marie Hoage, Mrs. Ethel Walker, Mrs. Leora Smith and Mrs. Fanny Page.

The entire community of Springville was shocked to hear of the death of the Rev. Cyril Boddington last Sunday in southern California. He had been the pastor of the Community Methodist church since last July. He suffered a heart attack last January and had been on a leave of absence since that time. Full details of the funeral services were not available at this writing.

Mr. and Mrs. Steve Cannon of Anaheim spent a few days with their daughter and family, Mr. and Mrs. Clyde Osborn and sons.

Mr. and Mrs. Lyle Crabtree entertained with a turkey dinner celebrating the 27th wedding anniversary of Mrs. Crabtree's parents, Mr. and Mrs. Bob Heath, of Porterville. Other guests were Mr. and Mrs. Walter Rice and family of Hanford.

About 75 members of the Farm Bureau enjoyed a potluck supper at the Community Hall last Thursday night. Mrs. Hatfield and Mrs. Pixley were the hostesses. A round table discussion followed a topical speech by Mr. Holtzclaw of Porterville.

A revival meeting began at the Church of Christ Sunday night, May 20. Services will be held nightly until May 31st. All who

\$1,000,000 a week for building last year!

PAY MASTER

© Reddy Kilowatt —  
your electric servant

Yes, our bill for construction of new facilities last year was \$52,640,435—more than a million dollars a week, for every week in the year. And in 1951 it will be about the same, we estimate, just for building to make sure all who need electricity will have an adequate supply. We mention it only as a matter of record and to indicate that keeping up with your demands for electric service isn't an easy job, nor an inexpensive one.

"Edison electricity is your best buy—you can depend on it!"

## SPECIAL OLEO ACTS ARE SCHEDULED FOR OPENING OF BARN THEATER'S "DIRTY WORK AT THE CROSSROADS"

Planning one of the most entertaining opening night celebrations yet attempted by the Barn Theater, the cast and Oleo acts of "Dirty Work At The Crossroads" have put the finishing touches on one of the Theater's most hilarious shows. Opening night of eight scheduled performances is Thursday, May 24, at 8:30 p.m., with performances planned for May 25, 26, 27, 31 June 1, 2, and 3.

Featuring the top stars of the original cast of this second production, the Melodrama stars Richard Deacon as the leering, sneering villain, MunRoe Murgatroyd, Ellie Sanford as the heroine, Virgil Moore as the hero, Eldon Hunt as the comic red-haired Mookie, and Ruth Loyd as the overstuffed Mrs. Asterbilt.

Opening night only, there will be special oleo acts staged between scenes of the play by such familiar and well-known performers as Ann Davis and Max Denning, familiar man with a guitar who stopped the show during the Kiwanis Kapers of this year.

Tables will be placed in the foreground of the auditorium, with a select 25 allowed to use them,

and refreshments will be served throughout the continuous entertainment of the evening. A few table and seat reservations are still available at the Theater.

## Madelyn Keck Wins Roundup Award

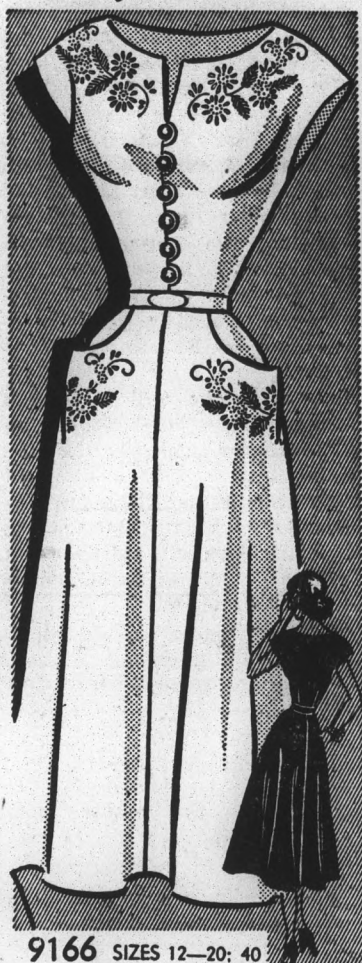

Madelyn Keck has been declared winner of a Porterville Roundup contest based on the finding of misspelled words in the program that was issued for the recent Roundup.

A 25 word statement on why the contestant liked the Roundup was also required, with Mrs. Keck writing, "For a fast moving, action-packed show, with plenty of local color, the 1951 Porterville Roundup couldn't be beat! Beeswax and the Moore — absolutely tops."

Second prize winner was William E. Simpson, Porterville; third prize went to Inez Moore, Corcoran.

## Presto Change-o! . . . It's Attic Magic

**BEFORE**—Here is an attic such as can be found in millions of American homes. This space is much too valuable to waste when it can be made into extra living space, as shown in the photograph below.

**AFTER**—And here is the same attic, transformed by clever decorating ideas and modern building materials into a smart bedroom-study for a teen-age girl. Walls and ceiling are finished with insulating board planks in two harmonizing colors. Insulating board is easily applied and comes factory decorated. Because it is an insulating material, too, it helps keep the room comfortable both summer and winter.

## LET'S GO TO THE FAIR

**"SMALL BUSINESS"**

By C. WILSON HARDER

Senator John Sparkman's (D. Ala.) Senate Small Business Committee investigating weird actions of the National Production Authority on rubber, is learning one apparent fact.

That fact is this. If a Washington bureaucrat cannot ignore a small businessman, they then insult him. Instances of both have entered the record of the hearings.

For example, in his testimony, I. B. Calvin, vice president of the Bearfoot Sole Company of Wadsworth, Ohio, employing about 400 people making rubber heels and soles, found the allocation set for them threatens their existence. He addressed several inquiries to Leland Spencer, head of the rubber program.

Spencer failed to acknowledge any communication. Spencer, a vice president of a subsidiary of one of the Big Four in rubber, assumed control of rubber when Earl Glenn, generally credited with establishing a fair allocation system was summarily fired without explanation.

Then there is the testimony presented by Kent Tomlinson, head of the Kent Equipment Company in Chicago.

Tomlinson has an unique problem. His company, probably the smallest of the 900 firms in the nation in the rubber business, specializes in making rubber fingers for automatic chicken picking machines. These machines have been responsible for the dressed chicken industry jumping from 400 million birds processed in 1940 to almost a billion and a half chickens at the present time.

©National Federation of Independent Business

To make these picking fingers, his company needs only 5 tons of rubber per month, of which 70% must be latex. Spencer's office cut him down to 35% latex. This means, he said, that the fingers only last a fraction of their normal time, requiring the use of 50 tons of rubber a month to supply his customers.

Tomlinson talked to a Mr. Miller in Spencer's office to explain the unusual problem involved. Mr. Miller promptly demanded "Why weren't you there to write the law?" When Tomlinson replied he had never received any notice of a meeting for this purpose, he was told "It was all in the newspapers."

Not getting any place with Mr. Miller, Tomlinson told Miller he was going to appear before the rubber hearings of the Senate Small Business Committee.

Miller replied, "Well, that is like most of you fellows, go over there and talk to a lot of Senators who are trying to run our department and do not do anything about it."

That was what the bureau underling said, Tomlinson reported, in a land where government is supposedly vested primarily in elected representatives.

Sen. Sparkman, however, is not accustomed to being pushed around by bureaucrats, and he is dead in earnest about his chairmanship of the Senate Small Business Committee.

He is taking a long, hard look at all bureau directives.

Through his efforts, NFA order cutting off aluminum to 75% of the nation's 14,000 small aluminum fabricators who only use 5% of the national supply, has been postponed. Sen. Sparkman intends to investigate. Chances are, an actual potential surplus of aluminum exists.

**FOURTH AND FINEST FAIR**

(Continued from page 1)

the Saturday night grandstand show and a junior fat stock sale Saturday afternoon at 2 p.m.

The livestock sale will bring fat, finished cattle, hogs and lambs to the auction block, with the California Farm Bureau Marketing association in charge of the sale and with Vince Powers as auctioneer. A Hereford heifer will be auctioned Friday afternoon and a fat lamb Saturday afternoon for benefit of the Porterville FFA state champion livestock judging team that will represent California at the American Royal Livestock show in Kansas City next October.

Special booths will include a citrus display; horticulture exhibit; a flower display by the Porterville Garden club; community booths from Springville and Woodville and a Boy Scout exhibit. Commercial displays will feature farm and home exhibits; farm implements and automobiles.

Livestock judges for the show will include: Raymond Husted, Los Angeles, beef cattle; Pete Lubin, Bakersfield, dairy cattle; Alfred Buckland, King City, hogs and sheep; Ralph Aldridge, Porterville, pigeons; Bill Rooney, Visalia, poultry; Bill Howard, Los Angeles, rabbits and Julius Dammann, Strathmore, horticulture.

Business men, ranchers, Future Farmers and 4-H club members have been working for the past four days and nights to erect structures in the ball park to house the fair, and merchants started erecting displays yesterday. Livestock started coming in last night.

Admission to the grounds is 75 cents for adults; 50 cents for high school students and 25 cents for children, 12 and under. All proceeds from the fair goes to the non-profit fair association to perpetrate the Porterville show, the only fair of its calibre in the state of California that is supported entirely by the community in which it is staged without state tax assistance.

**FLAG DAY**

**YOUNG ITALIAN FARMERS TO VISIT CALIF. VINEYARDS**

Ten young Italian farmers will spend a major part of the summer in California to study vineyard methods under provisions of the Economic Cooperation administration. The young men, ranging from 20 to 30 years in age, will arrive in California on July 22 and will remain until October 20.

The visitors will do regular work on the farms where they stay and the farmer is expected to pay a monthly training allowance of not less than \$60 or more than \$80 per month plus room and board.

Tulare county families, preferably those families that speak Italian, who desire to have one or more of these young men should contact the office of the farm advisor, postoffice building, Visalia.

There are quite a number of pear trees planted in yards in the county. Many show a lot of tip die-back. This is caused by pear blight disease. The only measure of control possible after the disease appears is to clip off the diseased tips to prevent further spread.

OPEN - CLOSED - SIGNS at The Farm Tribune Office, 522 No. Main St. Porterville.
